

A detailed painting of the baptism of Jesus. John the Baptist is shown submerging Jesus in the water. The background is dark with some light filtering through, and the figures are rendered in a realistic, somewhat dramatic style.

February 4 - Part II: "Lift up your hearts."

March 4 - Part III: "Behold the Lamb of God"

The Baptism of the Lord

TREASURES FROM OUR TRADITION

Through the centuries, artists and craftspeople have depicted Jesus' baptism in the Jordan River by John. At first in mosaics and frescoes, and later in tapestries, stained glass, and paintings, the scene is familiar. Jesus is standing waist-high in flowing water. Above him, standing on dry land, John the Baptist pours water over Jesus. The first artists to depict this were sketching from memory. This is exactly how most people were baptized in the early days: as adults, standing or kneeling in the water, with water poured over their heads.

This method of baptizing, called immersion, is the favored way today. An adult enters a font, or an infant is lowered a bit into the water supported by a parent's hand, and water is poured or splashed over them. The treasures of baptistry art attest that submersion, or plunging beneath the water's surface, is not really in our tradition, and that "infusion," the mere pouring of a few drops of water, yields too narrow an understanding of what it means to be plunged into Christ's life. Jesus Christ has gone before us into the water, and waits for us there with abundant gifts. No wonder the tradition calls for abundant symbols!

We Celebrate Life!

Dearest St. Joseph, at the word of an angel, you lovingly took Mary into your home. As God's humble servant, you guided the Holy family on the to Bethlehem, welcomed Jesus as your own son in the shelter of a manger, and fled far from your homeland for the safety of both Mother and Child. We praise God that as their faithful protector, you never hesitated to sacrifice for those entrusted to you. May your example inspire us also to welcome, cherish, and safeguard God's most precious gift of life. Help us to faithfully commit ourselves to the service and defense of human life - especially where it is vulnerable or threatened. Obtain for us the grace to do the will of God in all things. Amen. St. Joseph, Defender of Life, pray for us.

As we look back on the past year and ahead to the coming year, may we prayerfully ask St. Joseph's intercession for the strength to follow his example and "welcome, cherish, and safeguard God's most precious gift of life" and to "never hesitate to sacrifice for those entrusted" to us.

St. Joseph, Defender of Life, pray for us.

SEVEN SISTERS APOSTOLATE

We will be starting women's prayer groups at Saint John Neumann Parish specifically for the intentions of Fr. Dan and Fr. Stiteler. The plan is to offer prayer for them in the form of holy hours using the simple structure created by the Seven Sisters Apostolate (Seven Sisters apostolate.org). One priest, seven women praying one hour, seven days each week.

The Seven Sisters Apostolate was started by Janette Howell in 2011. Janette sensed a "nudge" to pray more frequently and intentionally for her pastor, Fr. Joseph R Johnson in Minneapolis, MN. Since that time, the membership has grown to have at least one group praying in every state of the United States and in many countries overseas. There are groups praying for the intentions of bishops, archbishops and cardinals. There are even 8 groups praying daily, specifically for the intentions of Pope Leo IV!!

The goal of each group is to have seven women volunteering to pray a holy hour for the intentions of a specific priest one day a week. This generous commitment of prayer is ideally for a period of one year, but can remain open-ended in time as each individual senses the call to continue. The plan here at SJN is to develop a group praying specifically for the intentions of Fr. Dan initially, and then to develop a group praying for the intentions of Fr. Stiteler.

Would YOU like to be involved in this unique prayer ministry? Are you experiencing a "nudge" from the Holy Spirit?

If you are a woman who senses a call to join one of these groups, or simply would like more information about what is involved, please contact Kathy Birmingham at 717-397-8647. The hope is to start this ministry by the end of January in 2026.

Thank you for your willingness to respond to this call.

2025 Tax Statements

If you received a tax statement last year through the mail, you will automatically receive one this year. No need to do anything.

If you did not receive one last year, please call the Parish Office to request one for this year.

Parish Health Ministry (PHM)

With Christmas and New Years gatherings and travel completed, there is a reported spike in the Influenza Virus activity in the Northeast region of the US. PA Dept of Health is showing “rapid increase” in cases in both office/ER visits and hospitalization. They state: ER visits with Influenza symptoms and confirmed diagnosis are “very high and continue to increase.”

Information from week ending 12/27/25.

Influenza, commonly known as the flu, is a contagious respiratory illness caused by influenza viruses. These viruses infect the nose, throat, and lungs, and can lead to illness ranging from mild to severe. In some cases, the flu can result in death.

Flu viruses are primarily transmitted through tiny droplets released when infected individuals cough, sneeze, or talk. These droplets can be inhaled by people nearby, leading to new infections.

The most effective way to prevent the flu is to receive a flu vaccine every year. Annual vaccination helps protect against the most common circulating flu viruses. It is NOT too late to obtain a vaccination for this season.

Flu symptoms typically appear suddenly. Individuals with flu may experience some or all the following:

- Fever or feeling feverish/chills (not everyone with flu will have a fever)
- Dry Cough
- Sore throat
- Runny or stuffy nose
- Muscle or body aches
- Headaches
- Fatigue (tiredness)
- Vomiting and diarrhea (more common in children than adults)

In the United States, flu activity usually peaks during the winter, most often between December and mid-March. However, influenza viruses can circulate year-round.

A new influenza A subtype, known as subclade K, is currently contributing to increased infection rates here in PA. Despite this, the flu shot continues to offer significant protection. At present, influenza A, particularly the H3N2 strain, is dominant. While anyone can contract H3N2, it tends to cause more hospitalization and deaths among older adults.

The incubation period, the time from exposure to symptom onset, ranges from one to five days, with most people developing symptoms within 48 hours of being exposed to the flu virus.

Individuals with flu can spread the virus even if they do not have symptoms. The infectious period begins one day before symptoms appear and continues for five to seven days after becoming sick. People are most contagious in the first three to four days after symptoms start and remain able to spread the virus until their fever subsides (without the use of fever-reducing medications) and they begin to recover.

Take these prevention steps:

Get vaccinated: The annual flu vaccine is the best way to prevent the flu.

Take steps for cleaner air: Bring in fresh outdoor air (open windows that can be safely opened), gather outdoors, or purify indoor air.

Wash your hands: Use soap and water to wash your hands often and for at least 20 seconds.

Avoid close contact: Stay away from people who are sick.

Stay home when sick: If you have flu symptoms, stay home to prevent spreading it to others. Stay home until symptoms are improving and fever has been gone for at least 24 hours without fever-reducing medicine.

Health care providers can swab your nose or throat and test for flu. It is important to get tested so that you can get the proper treatment.

Sometimes, providers prescribe antiviral drugs to treat the flu. Antibiotics don't work because the flu is caused by a virus, not bacteria. Antivirals can help you get better a little faster and keep you from getting really sick.

Here are some basic recommendations if you have the flu.

- Rest: Stay home; Get plenty of sleep.
- Maintain hygiene: Wash hands frequently for at least 20 seconds.
- Fluids: Drink lots of water, juice, or clear broth.
- Medications: Over-the-counter medicines can help relieve fever, muscle aches and other symptoms.

If you must go out into the community wear a mask. Again, it is not too late to obtain the Influenza Vaccine.

The Baptism of Jesus

As a mother of five children and an aunt to 26 more, I have attended my fair share of baptisms. They are always beautiful and joyful occasions, celebrations of a new member being added to God's family. But most of them have also had their mishaps, as tends to happen when little kids are involved. Whether it be a last minute dirty diaper, an older sibling running up to the baptismal font right in the middle of the ceremony, or the baby screaming during the whole affair, baptisms, like most moments in life, are not perfect.

What is perfect is the sacramental and sanctifying grace that is poured into the soul of the newly baptized. What is perfect is the great love that God has for us in granting us this palpable moment of unity with Him. What is perfect is this opportunity for family and friends to witness an indelible mark being placed on the baby's soul, sealing them for an eternity with God.

In today's Gospel, we read about the Baptism of Jesus. What a powerful witness that the Son of God Himself chose to be baptized by a human being. What a powerful manifestation of the Holy Trinity, both audibly and visibly present. What a powerful way to show us just how important baptism is.

I invite you to place yourself in this moment. Imagine the confusion of John the Baptist, being asked to baptize God. Imagine the awe of the others present upon seeing the heavens being opened. Imagine their fright when a voice boomed down from the heavens. Did the bystanders run away in fear? Did they kneel in adoration? Did they stand there frozen in shock? What would you do? What are you feeling called to do now, in this moment, as you reflect upon this passage?

Columbia Catholic Mental Health Ministry

The *Columbia Catholic Mental Health Ministry*, in collaboration with Holy Trinity Catholic Church & St. Peter's Catholic Church, will be hosting its **Monthly Workshop on Wednesday, January 14th @ 7:00 PM** at **Holy Trinity Catholic Church, 409 Cherry St. Columbia, PA** in the Parish Hall and is open to everyone in the community. The topic of this Workshop is:

***The Columbia Catholic Mental Health Ministry:
Who we are and what we want to do.***

This session will reintroduce the ministry and will be styled as a "meet & greet." **Please feel free to bring cookies or a dessert to share!**

If you would like to learn more about this topic or learn more about the CCMH and services offered (such as spiritual accompaniment) please contact the ministry at ccmentalhealthministry@gmail.com.

For non-emergency peer support in or near Columbia contact the NAMI Lancaster County Warm Line at (717) 394-215. The Warm Line is for non-crisis situations, offering peer support for mental and emotional challenges before they become severe.

If you are experiencing a mental health emergency that requires immediate attention, please contact Crisis Intervention at (717) 394-2631 or call 988 to connect you directly to the National Suicide Prevention Lifeline. If you prefer to text, contact the Crisis Text Line: Text HOME to 741741 to connect with a trained crisis counselor.
